

⚡ Your SEBI 6 Months Planner

| *Designed by Teachers. Backed by Toppers. Made for You.*

👏 Welcome, Future SEBI Officer.

You have the next **6 months** in front of you.

And these months will decide whether you prepare like the **majority** — confused, anxious, and scattered — or like the **few who crack SEBI** — calm, strategic, and consistent.

This planner is built for the **second category**.

🎯 Objective of This Planner

This planner is designed to help you:

- **Cover the complete SEBI syllabus**
- **Practice alongside preparation**, not after it
- Stay exam-ready for SEBI EXAM — without burnout

Every topic, every subject, and every week is placed with **clear intent**.

🧠 How to Use This Planner

- Think **weekly**, not daily
- Focus on **execution**, not perfection
- Trust the structure — it's designed to compound over time

💡 Some weeks will feel intense. That's normal.

Remember — you are preparing to become a SEBI OFFICER

✅ Key Do's

- You can Study **Mains & Prelims together**, as planned below
- Focus on **concepts first, facts later**

❌ Key Don'ts

- Don't use social media mindlessly
- Don't pick random sources or multiple newspapers
- Don't chase information — chase understanding

Stay disciplined. Stay consistent.

This plan works **if you execute**.

How This Planner is Structured

This planner is divided into **two simple parts** to help you stay oriented throughout your preparation.

Part 1: Planner Summary

In the next few pages, you'll see a **week-by-week summary** of the entire syllabus.

This section helps you understand:

- Which **subjects** are covered every week
- How many **weeks** each subject gets
- How the syllabus is **distributed across the year**

Think of this as your **roadmap** — it shows *where you are* and *what's coming next*.

Part 2: Detailed Weekly Planner

After the summary, you'll find the **detailed version** of the same plan.

Here, every week is broken down into:

- Subjects & topics
- Live class structure
- Study focus for that phase

This section tells you **exactly what to do**, week by week.

Planner Summary

How to Read the Planner Summary

The summary table below gives you a **bird's-eye view** of the entire journey.

It shows:

- Which **subjects** are covered every week
- How many **weeks** each subject gets
- How the syllabus is **strategically distributed** across the year

This is not a rigid schedule — it's a **strategic map**.

Use the summary table below to understand **where you are** and **what's coming next**

Current Affairs Coverage (Throughout the Year)

How to Do It Right

- **Spotlight Magazine** → 4–6 months
- **RBI 247 Magazine** → 6 months - 12 months.

RBI 247 has become relevant again, with SEBI asking technical financial current affairs from Regulatory bodies.

Current Affairs runs **parallel** with static subjects.

There is no “separate CA phase”.

Current Affairs is **not about memorising headlines**.

It's about **understanding impact, intent, and linkage**.

Best Practices:

- Don't make bulky notes 
- Revise weekly, not daily 
- Understand the “**why**” behind events 

🌟 If your static concepts are strong, Current Affairs becomes **easy and intuitive**.

👉 Finish the syllabus first.

👉 Current Affairs never ends — syllabus does.

Monthly Revisions:

- Use monthly Revision Sessions for Spotlight
- Use monthly Revision Sessions for RBI 247
