

Your RBI Grade B/A 2027 - 3 Months Planner

> *Designed by Teachers. Backed by Toppers. Made for You.*

👋 Welcome, Future RBI Officer.

Three months. That's what you have.

Not six. Not a year. Three months — and every single day in this plan has been placed with that urgency in mind.

We won't pretend this is a comfortable timeline. Covering RBI Grade B in 3 months is intense. But it's been done before — by students who weren't necessarily the smartest in the room, but who were the most disciplined, the most focused, and the most willing to trust a plan and execute it.

This planner is built for those students. It might just be built for you.

🎯 What This Planner Will Do For You

This isn't just a schedule. It's a complete 15-week preparation system, designed specifically for the Nov–Feb batch:

- Walk you through **both Phase 1 and Phase 2** simultaneously — nothing missed, nothing wasted
- Make sure you **practice as you learn** — so exam day feels like revision, not a surprise
- Keep you **consistently exam-ready** — without burning out in the final stretch

Every subject, every topic, and every week has been placed here with a specific reason. The sequence matters. Trust it.

🕘 How Your Classes Are Structured

You'll have **two live sessions every day** — a focused morning session and an in-depth evening session.

- **Morning:** 9:30 AM – 11:30 AM (2 hours) — Phase 2 subjects (ESI, Management, Finance, English Descriptive)

- **Evening:** 6:00 PM – 8:00 PM (2 hours) — Phase 1 subjects (English Objective, Quant, Reasoning)

Each session combines concept teaching, real application, and practice — so you're never passively absorbing theory. You're learning to *use* what you know.

📝 Weekly Tests — Because Practice Beats Passive Reading

Every Saturday, you'll take a test designed to mirror actual RBI exam conditions. It covers the subjects being actively studied that week.

These tests are designed to:

- **Expose the weak areas** you didn't know you had
- **Build the speed and accuracy** that exam day demands
- **Get you comfortable with pressure** — before it matters

Every Sunday, Anuj Jindal Sir holds a **live Mentorship and Evaluation session** — reviewing the week's topics, evaluating answer writing, and making sure you're moving in the right direction. Think of it as your weekly compass reset.

🧠 How to Actually Use This Planner

A planner is only as good as how you use it. With 3 months, the margin for drift is smaller than usual. Here's the mindset that works:

- **Think in weeks, not days.** Some days will be harder than others. Don't spiral. Zoom out and look at the week as a whole.
- **Execute, don't perfect.** A plan followed imperfectly beats a perfect plan never started.
- **Trust the structure.** It's been built to compound — the effort you put in on Day 1 multiplies by Week 15.

Some weeks will feel intense. That's not a sign something is wrong — that's a sign you're growing. Three months goes faster than you think. Start strong and stay consistent.

You're preparing to become an RBI Officer. That's supposed to feel like something.

❌ What Doesn't Work — Avoid These

- Mindless scrolling and social media rabbit holes
- Jumping between too many sources and newspapers
- Chasing information for the sake of it — chase understanding instead
- Skipping Saturday tests or Sunday mentorship — these are where real learning happens

Stay consistent. The students who crack RBI in 3 months aren't always the most prepared — they're the ones who kept going when it got hard.

This plan works. But only if you do.

💡 How This Planner Is Structured

This planner is divided into two simple parts:

📌 Part 1 — Planner Summary

A bird's-eye view of the entire 15-week journey. It shows which subjects are covered each week, how Morning and Evening sessions are split, and how Phase 1 and Phase 2 preparation run simultaneously. Whenever you feel lost or overwhelmed, come back to this page. It'll remind you that there's a plan — and you're right on track.

📘 Part 2 — Detailed Weekly Planner

The full week-by-week, day-by-day schedule. Every session has a subject, a timing, and a specific class name. This section tells you **exactly what to do**, day by day.

After Exam Notification — Crash Course

Once the official RBI Grade B 2027 exam notification is released, a targeted **Crash Course** will be launched to cover any remaining gaps and sharpen final performance. Details will be shared with the batch at that time.

Mock test access:

- **Phase 1:** 1 free open mock + 10 full-length tests for enrolled students
- **Phase 2:** 3 full-length mocks before Phase 1 exam + 7 after Phase 1 results

📰 Current Affairs Coverage (Throughout the Year)

How to Do It Right 🚀

- **PIB 247 & RBI 247** → 6 months
- **Spotlight Magazine** → 6 months

  Current Affairs runs **parallel** with static subjects.

There is no "separate CA phase".

Current Affairs is **not about memorising headlines**.

It's about **understanding impact, intent, and linkage**.

🔑 How to Approach CA:

- Link CA with **ESI & Finance topics**

anujjindal.in

- Focus on **RBI-relevant developments**
- Read for **context**, not just facts

📌 Best Practices:

- Don’t make bulky notes 📝
- Revise weekly, not daily 🔁
- Understand the **“why” behind events** 🧠

✨ If your static concepts are strong,

Current Affairs becomes **easy and intuitive**.

👉 Finish the syllabus first.

👉 Current Affairs never ends — syllabus does.
